

Laboratory Information Management Software

Streamline Your Laboratory Operations Efficiently!

The image shows a woman in a white lab coat and safety glasses holding a test tube. In front of her is a laptop displaying the DocDoc Laboratory Information Management Software (LIMS) interface. The interface includes a navigation menu on the left, a search bar, and a table of orders. Above the laptop are three NABH certification badges: CMS Advanced Certified, HIS Advanced Certified, and EMR Advanced Certified. To the right of the laptop is a smartphone showing the mobile app interface.

Outsource Management

Doctor Payout Management

ANALYTICAL

Enhance your lab's analytical phase accuracy with automated data transfer, real-time result tracking, and seamless integration with lab instruments.

Generate Worklists

Automated Sample Processing

Seamless Transfer of Results

Automated Approvals

Error Free &
Enhanced Report Accuracy

Avoid manual entries and gain complete control over your samples, improving your turnaround time with MocDoc LIMS. Experience unified access to all your samples at one place, ensuring efficient and effective lab management.

Expert Mentors

Unified Access to all your Samples

(At one place, centralized access to all sample data, enhancing efficiency and accuracy in lab operations)

POST - ANALYTICAL

Optimize your lab's post-analytical phase with streamlined report generation, automated result validation, and efficient report distribution. Ensure timely and accurate delivery of results, enhancing overall patient care and satisfaction.

Critical Result Alert to Doctors

Automated Report Deliveries

Omnichannel Report Delivery
(WhatsApp, SMS & Email)

Bulk Printing

Simplify Sample Storage and Retrieval

Ensure seamless long-term sample storage and retrieval with the Sample Archival module, designed to maintain compliance and improve operational efficiency.

Streamline B2B & Referral Client Transactions

Efficiently and securely handle B2B & Referral transactions with specialized B2B & Referral Doctor portals. Features such as bulk invoicing for postpaid accounts and automated locking for credit management ensure smooth and hassle-free financial management.
